PROFESSIONAL SUMMARY

Entry-Level Full Stack Developer with hands-on experience building responsive web and mobile applications using React, Node.js, Flutter, and Supabase. Skilled in developing CRUD-based systems, integrating REST APIs, and implementing authentication features. Experienced in troubleshooting technical issues and improving system performance during internship training. Eager to contribute to real-world projects and continuously learn modern technologies.

TECHNICAL SKILLS

- Frontend: HTML, CSS, JavaScript, React, Tailwind CSS, Responsive Design
- Backend: Node.js, REST API Development, CRUD Operations
- Mobile Development: Flutter
- Database: Firebase, Supabase, MySQL
- Tools & Platforms: Git, GitHub, Vercel, VS Code, Android Studio, Antigravity
- Concepts: CRUD Operations, Authentication, API Integration

Other Skills: Debugging, API Integration, Version Control, Deployment, Basic UI/UX Design

PROJECTS

Campus Found – Lost and Found Web Application

Tech Stack**:** React, Vite, Tailwind CSS, Supabase

- Built a university lost-and-found system supporting 500+ students and staff
- Implemented category filtering and location-based search functionality
- Integrated Supabase for real-time database operations
- Developed a responsive UI with authentication and CRUD functionality

Live demo: https://campus-found-drab.vercel.app/

SubTracker – Subscription Management Mobile Application

Tech Stack: Flutter, Dart, Supabase

- Developed a mobile application for tracking recurring subscriptions and expenses
- Implemented analytics for monthly spending, averages, and highest expenses
- Designed a clean dashboard with categorized expense visualization
- Added notifications for upcoming and due payments

Live demo: https://mrkless.github.io/SubTracker/

PixelPort – Web Portfolio Builder

Tech Stack: React, Supabase, Tailwind CSS, Zustand

- Developed a web-based portfolio builder platform for creating and managing developer portfolios
- Implemented dynamic project and content management using Supabase
- Designed a responsive, modern UI with reusable components and templates
- Enabled real-time updates for portfolio customization and preview

Live demo: https://pixelport-two.vercel.app/

WORK EXPERIENCE

System Administrator Trainee (Global Prime Eye Center, Cauayan City, Isabela)
March 2025 – June 2025

- Maintained and monitored IT systems to ensure smooth daily operations
- Provided technical support for hardware, software, and network-related issues
- Troubleshot system errors and reduced downtime through efficient problem-solving
- Assisted in system performance optimization and documentation

EDUCATION

Bachelor of Science in Information Technology
Isabela State University – Cauayan Campus
Graduated: July 2025
